It is just one of my personal favorite publications. It is among the most awesome publications I have read. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE VINICULTURE OF CLARET: A TREATISE ON THE MAKING, MATURING, AND KEEPING OF CLARET WINES (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Viniculture of Claret: A Treatise on the Making, Maturing, and Keeping of Claret Wines The makers of wine are numerous enough, but few make it well. Yet to make wine well, is not a matter so difficult as to exceed the comprehension of ordinary understandings. Beyond all doubt, there exist in Portugal all the requisite conditions for the producing of numerous distinct, and very various kinds of wines, the major part of which are capable of acquiring excellent qualities, and of constituting a most important branch of commerce, and a great increase of public wealth. But it is also certain that beyond the generous wines of the Douro and Madeira, those of the Bairrada and some of the Estremadura, the rest have but a very poor show for exportation; while yet they might and ought to hold a preponderance in foreign markets, seeing that the principal wine using countries demand at the present day, principally genuine wines, moderately alcoholic, nourishing, and fit for ordinary drinking.
