Do you have cancer? Are you going to be taking care of someone who has cancer? Or, perhaps you want to prevent your family members and yourself from ever getting cancer. If these are any of the reasons for reading this book, you are making the best decision of your life. Are we winning the battle against cancer? Today, in the United States and Canada, the three main treatments for dealing with cancer are surgery, chemotherapy, and radiation. For a few kinds of cancer, such as skin cancer, surgery can save someone s life. The dreaded diseases of childhood cancers are uniquely susceptible to chemotherapy and radiation. However, for everyone else, chemotherapy and radiation will only slow down the cancer s progression and leave patients fighting all the damage done to their immune systems. When someone hears that she has cancer, does she feel secure, safe, or petrified? It is because of these feelings of apprehension that I sought out a truly helpful therapy that would strengthen the immune system and thus possibly prevent cancer. Is this therapy new? No, it has been around since the 1920s. Before then, it was used by the Ojibwa (Chippewa Indians) as a cancer cure. The cancer therapy is called Essiac, and it was discovered by Rene Caisse, RN. Have you ever heard of Essiac? When someone tries to find out about Essiac online, he might find one site on cancer therapies hosted by Quackwatch, which states that Essiac has no antitumor activity. This is totally untrue. Several books have been written on Essiac, but I have pulled together research and proof that has not been...
