Didnt they realise how important his task was Sometimes it can be quite easy to forget what or who is important in life. Sometimes it can be too late to change. Calvin found out much to his dismay. And way too late. Colin has written and illustrated for a number of years and has published numerous books for adults, young people and children. The moralistic style allows a young child realise the importance of varied subjects without patronising and, in a style to which the reader can relate and empathize. These are not meaningless tales.
