Smith Media, Inc., 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What happens when a young baseball player, out of necessity, learns to pitch both right- and left-handed? This novelette explores his techniques and the challenges that erupt on and off the field when he becomes ambi-disastrous on the mound. Although written with a younger readership in mind, baseball fans of all ages find *The Switch Pitcher* thrilling, as they do with the five bonus short stories. Aldo Vidalì, an 84-year-old collaborator of one of cinema's greatest directors: Federico Fellini, wrote a review of the first edition of *The Switch Pitcher*, and urged it be made into a motion picture. Children, parents, and grandparents would flock to see such a movie, he said. Among the bonus features is a short story about a sunflower living in a keyhole garden that literally comes to life. The second short story is a non-fiction account of an encounter with a UFO wherein the subject about thirty years later recounts details of the event while under hypnosis. In the feature entitled *ROD REEL SNAPSHOTS*, the author recounts unique fishing expeditions. Another non-fiction entry is about growing up with a magical teddy bear named Fleddie Peddie. The fifth short story, entitled *PERIPHERAL ACCELERATION*, is about an elderly man who is a perfectionist. He shares his extreme attention to detail with a friend, proving, for instance, the idea that it is extremely intelligent people who become carsick. He also recounts what it is truly like to be a time traveler.
