Reviews

An incredibly great ebook with lucid and perfect explanations. It is actually rally fascinating throgh studying period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Josefina Yundt)

SECRET OF THE KINGS

Paperback. Condition: New. 267 pages. While conducting research at the Cairo Museum in Egypt, Dr. William Stanton is entrusted with a four-thousand-year-old specimen allegedly retrieved from the mummy of the great pharaoh Chephren. The museums curator knows that if anyone can confirm the specimens origin, it is Stanton: he is among the worlds foremost geneticists. Together with his young associate, Dr. David Westgate, Stanton has built a lucrative boutique practice renowned for providing cutting-edge genetic services to individuals and families. Their success is due in part to their willingness to forego the ethical constraints that their colleagues grapple with, a moral shortcut that results in their advanced capacity for diagnosing and correcting genetic abnormalities. But when the two men uncover a mysterious genetic discrepancy between the ancient pharaohs and common man, Dr. Stanton hatches a plan to create a living subject for study. He clones Chephrens DNA and implants the egg into a patient desperate to conceive. The resulting child, a boy named Alex, becomes the subject of Stantons intensive research until Alex begins to exhibit unusual and alarming supernatural powers. As he grows to maturity and becomes aware of his unique origins, Alex leads Stanton and Westgate on a deadly chase across the Egyptian desert in search of an ancient artifact that could vindicate the doctors work or endow Alex with unlimited and unstoppable power. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
