

## Core Concepts in Data Analysis: Summarization, Correlation and Visualization (Paperback)

Filesize: 8.7 MB

### **Reviews**

*It is in a single of my personal favorite ebook. It can be loaded with wisdom and knowledge You can expect to like just how the blogger create this pdf.*

*(Dr. Travis Berge)*

## CORE CONCEPTS IN DATA ANALYSIS: SUMMARIZATION, CORRELATION AND VISUALIZATION (PAPERBACK)

Springer London Ltd, United Kingdom, 2011. Paperback. Condition: New. 2011 ed.. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Core Concepts in Data Analysis: Summarization, Correlation and Visualization provides in-depth descriptions of those data analysis approaches that either summarize data (principal component analysis and clustering, including hierarchical and network clustering) or correlate different aspects of data (decision trees, linear rules, neuron networks, and Bayes rule).Boris Mirkin takes an unconventional approach and introduces the concept of multivariate data summarization as a counterpart to conventional machine learning prediction schemes, utilizing techniques from statistics, data analysis, data mining, machine learning, computational intelligence, and information retrieval.Innovations following from his in-depth analysis of the models underlying summarization techniques are introduced, and applied to challenging issues such as the number of clusters, mixed scale data standardization, interpretation of the solutions, as well as relations between seemingly unrelated concepts: goodness-of-fit functions for classification trees and data standardization, spectral clustering and additive clustering, correlation and visualization of contingency data. The mathematical detail is encapsulated in the so-called formulation parts, whereas most material is delivered through presentation parts that explain the methods by applying them to small real-world data sets; concise computation parts inform of the algorithmic and coding issues. Four layers of active learning and self-study exercises are provided: worked examples, case studies, projects and questions.
