## THE BASICS OF FINANCIAL MODELING

Apress. Paperback Condition: New. 225 pages. The ability to create and understand financial models that assess the valuation of a company, the projects it undertakes, and its future earnings/profit projections is one of the most valued skills in corporate finance. However, while many business professionals are familiar with financial statements and accounting reports, few are truly proficient at building an accurate and effective financial model from the ground up. In *The Basics of Financial Modeling*, Jack Avon equips financial professionals...
