Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Excerpt from Musorgsky, the Russian Musical Nationalist The Russian School resembles no other, either in history or in character. It suddenly blossomed forth in the middle of the nineteenth century, after a germinative period whose history can only be traced back with difficulty, but whose fruit ripened almost as soon as it appeared. Before the school was even fifty years old, it constituted a quite independent, homogeneous and extensive art. The case is so rare as to be at first disconcerting. It is not only the rapidity of growth which astonishes us, but also and especially the general excellence and the distinctive qualities which are common to nearly all the works exemplifying this school. Nationalism has often been put forward as a drawback to Russian music, and the claim of Glinka, Balakireff and Rimsky-Korsakoff, to have enriched their art-language by the inclusion of folk-songs, has been treated by some critics merely in a humorous light.
