CYBER WARFARE: THE POWER OF THE UNSEEN

Knowledge World Publishers, 2011. Hardcover. Condition: New. While Information and Communication backbone of development, it has also given rise to new vulnerabilities arising from its application to nearly the entire spectrum of political, societal and military undertakings. The creation of the US Cyber Command directly under the White House is the outcome of the recognition of cyber threats as one of the most serious economic and national security challenges. Many Russians argue that the danger of cyber warfare ranks second...
