## Plants, Health and Healing: On the Interface of Ethnobotany and Medical Anthropology

By -

Berghahn Books. Paperback. Book Condition: New. Paperback. 330 pages. Dimensions: 8.9in. x 6.0in. x 0.9in. . . the book offers a platform to raise thought-provoking questions and encourages in-depth analyses to bridge the gulf between ethnobotany and medical anthropology. . . Highly recommended. Choice The tantalising and rather eclectic selection of edited chapters takes the reader around the world following plants making their way into local pharmacopoeias, symbolic systems, myths and ways of coping with the unknowns of human illness. This book offers a much needed, concise edited volume on plants, health and healing. It brings together research in the disciplines of botany, biochemistry, clinical medicine, anthropology and history highlighting the contributions of multidisciplinary research to promote a more nuanced understanding of medicinal plant use. JRAI Plants have cultural histories, as their applications change over time and with place. Some plant species have affected human cultures in profound ways, such as the stimulants tea and coffee from the Old World, or coca and quinine from South America. Even though medicinal plants have always attracted considerable attention, there is surprisingly little research on the interface of ethnobotany and medical anthropology. This volume, which brings together (ethno-)botanists, medical anthropologists and a clinician,...
